# **Presentation Given to October 10th 2017 Meeting of the Wright State University Board of Trustees by Geoffrey Owens.**

Let me begin with a disclaimer. Except where I say otherwise, all the facts and figures I present today come directly from the administration. So, if you believe any of my data are incorrect, Then FIRST it's almost certainly because the administration has presented information in an opaque, misleading, or outright inaccurate fashion; and SECOND, we always stand ready to correct any factual mistakes in our statements. Please contact union officers so we can correct any inaccuracies.
