MOU Spring 2020 Opt-In Pass/Unsatisfactory Option  
March 25, 2020

Wright State University and AAUP-WSU agree that the Spring 2020 semester is considered an extraordinary event due to the Covid-19 pandemic. We agree that the requirement within Article 7.2.1.1 for faculty consent of a grade change is suspended for the Spring 2020 semester only. Specifically, students may request a grade change per the terms presented below. The university will process these grade change requests.

Effective immediately, all Wright State University undergraduate students will be permitted to convert any of their courses to Pass/Unsatisfactory grading for the Spring 2020 Semester. At the end of the semester, all faculty will submit their course grades (A, B, C, D, F, X, or NR) no later than noon on May 6, 2020.

Students will then have until noon on May 15, 2020 to move one or more courses to Pass/Unsatisfactory if they elect to do so. There will be no limit on the number of courses that students can convert to Pass/Unsatisfactory. Students will be able to make their decision on a course-by-course basis.

- All grades of C or higher for a course that a student elects the Pass/Unsatisfactory grade option will convert to a P and have no impact, positive or negative, on student grade point averages. Students WILL receive course credit for course grades that are converted to P.

- All grades of D, F or X will convert to U and will have no negative impact on student grade point averages. Students WILL NOT receive course credit for course grades that are converted to U.

- All A, B, C, D, F, and X grades not converted to P or U will impact student grade point averages and degree completion requirements as normal.

Students should consult with their academic advisor to consider the impact that converting to P/U grades have on financial aid, program requirements, and post-graduation opportunities for licensure, graduate school, and employment.
