

Excerpt from email from Interim Provost Leaman, Nov 30, 2020 to AAUP-WSU requesting information pertinent to Retrenchment, per CBA 17.3.

“3. A copy of WSU’s Comprehensive Enrollment Management Plan

The University’s specific strategy around enrollment management and recruitment is trade secret and protected from public disclosure.

Presenting that information in a manner resulting in it being available to other institutions of higher education poses a competitive threat.”

Obviously, AAUP-WSU has no interest in revealing anything to competitors. We cannot possibly make recommendations based on “longterm enrollment projections” as is our charge under 17.4.1, without an understanding of the University’s enrollment management plan.
